DJ Unicode Working as a MERN Stack Developer: Made React Wordle Game,Holiday Rentals Website.	October 2022- December 2022

PROJECTS

Portfolio Website:

The website employs HTML, CSS, and JavaScript for optimal responsiveness and function, presenting About, Contact, Projects, and Home sections with informative and engaging content.

Synapse Website:

This responsive Synapse website, made with React, Bootstrap, and Django, features About Us, Projects, Events, and Teams sections with engaging content.

React Wordle Game:

Utilizing CSS animations, this React game revolves around five-letter word guessing, with a visually appealing and engaging experience that alters the word color with various rules.

Holiday Rentals Website:

This responsive website, constructed with React, MUI, Express, and Nodejs, provides a user-friendly interface to browse and book hotels for vacation.
